INSTRUCTIONS.

1. Total enrollment is obtained by adding the number entered to the previous day's enrollment. It is always the total enrollment for the school year and increases from month to month.
2. Number entered is the actual number entered each day.
3. Number dropped is the actual number dropped each day.
4. Number belonging is found by adding or subtracting the difference between 2 and 3 to or from the number belonging on the previous day.
5. Number present is the actual number present on the day.

NOTES.

Nos. 1, 4, and 5 are equal on the first day of the school year.
 This form should be in the hands of the principal or on the teacher's desk and the day's record should be made each day. Three monthly reports should be submitted during each quarter.

White pupils in attendance are never included in the attendance schedule of this sheet.

If in column No. 2 any pupils in school heretofore have reentered, indicate here how many.

INSTRUCTIONS.

1. Total enrollment is obtained by adding the number entered to the previous day's enrollment. It is always the total enrollment for the school year and increases from month to month.
2. Number entered is the actual number entered each day.
3. Number dropped is the actual number dropped each day.
4. Number belonging is found by adding or subtracting the difference between 2 and 3 to or from the number belonging on the previous day.
5. Number present is the actual number present on the day.

NOTES.

Nos. 1, 4, and 5 are equal on the first day of the school year. This form should be in the hands of the principal or on the teacher's desk and the day's record should be made each day. Three monthly reports should be submitted during each quarter.

White pupils in attendance are never included in the attendance schedule of this sheet.

If in column No. 2 any pupils in school heretofore have reentered, indicate here how many.

INSTRUCTIONS.

1. Total enrollment is obtained by adding the number entered to the previous day's enrollment. It is always the total enrollment for the school year and increases from month to month.
2. Number entered is the actual number entered each day.
3. Number dropped is the actual number dropped each day.
4. Number belonging is found by adding or subtracting the difference between 2 and 3 to or from the number belonging on the previous day.
5. Number present is the actual number present on the day.

NOTES.

Nos. 1, 4, and 5 are equal on the first day of the school year.
 This form should be in the hands of the principal or on the teacher's desk and the day's record should be made each day. Three monthly reports should be submitted during each quarter.

White pupils in attendance are never included in the attendance schedule of this sheet.

If in column No. 2 any pupils in school heretofore have reentered, indicate here how many.
